Good Morning,

Attached please find the Architectural Committee Site Plan/Building Review Request Form, color samples from Sherwin Williams, two pictures of my house and detached barn/garage and a brochure from GAF for the shingles. I am asking permission to update my house and detached barn. My planned scope of work includes the following: Power wash the house and repaint with Sherwin Williams amazing gray for the siding and Sherwin Williams Alabaster for the trim. Replace the siding on the detached barn with James Hardie Horizontal Lap siding to match the house, paint barn to match the house. Remove and replace the roof with GAF Timberline HDZ Shingles in Weathered Wood on the barn.

I have a crew available now so any consideration to expedite this would be appreciated.

Thank you,

Kelly
